Before the month of May is much advanced it dependence. is certain that the allied armies in the Crimea will \$10 00 amount to a far larger force than had been anticipaled by ted. The medical officers have been instructed by speech at the Great Salt Lake city, in which he

be embarked in steamers fitted up as hospital ships. While these preparations and the continued fire of the whole line of batteries against the town and its ive period in this difficult and protracted siege, it is probable that the enemy is not idle behind that range of hills, which altogether masks his positions and his movements from the observation of the allied the town, and that other bodies of troops have quitted it. There can be no doubt that a powerful Russian army occupies the stragetical position of Simworks near Balaklava. Hence the importance of increasing the strength of the troops who have to guard our extended lines of countervellation, and to cover the whole of our entrer chments while we are working steadily onwards towards Sebastopol. We find, however, nothing in this recent intelligence to divert us from the conviction we have repeatedly expressed, that although the attack upon the southern side of cess can be obtained until we are in a condition to in-

companies of artillery have sailed for the Crimea know-nothings, and indignantly contradicts the refrom England.
